

THE RB ROYAL ADVANTAGE

RB Royal offers the resources, knowledge and performance it takes to earn your complete confidence. We are a preferred partner because we demonstrate every day how we manufacture confidence.

Advantages to partnering with RB Royal are:

- We have a long history of providing efficient, reliable and safe hose and tube applications. We promote quality throughout all aspects of our business to ensure you and your customers are buying dependable products.
- Lean strategies are utilized company-wide at RB Royal. This allows us to be more flexible and responsive to our customers' needs.
- We possess the expertise in designing the best solution for hose and tube applications as well as custom fittings for our customers. This reduces your in-house costs necessary for investing in a niche that typically is not a core competency of your business.
- Our facility includes a Product Development Center that enables us to work closely with you to ensure the prototypes we design are optimal for your unique applications.
- We can quantify the distinct, measurable value we deliver to you. RB Royal demonstrates how we can increase your value-added activities through reduced costs, increased productivity, increased cash flow and enhanced revenue.

At RB Royal, we design and manufacture custom hose and tube assemblies as well as precision machined products for applications involving fluid power, fluid transfer and systems integration. Call our experts or log onto www.rbroyal.com to find out how we can help you today.
